

ENVIRONMENTAL POLICY

Westland Milk Products is Committed to:

- ❖ Ensuring the protection of the environment
- ❖ Implementation of climate change initiatives to reduce/offset carbon emissions
- ❖ Sustainable use of resources
- ❖ Preventing pollution
- ❖ Reducing waste
- ❖ Continual improvement in environmental management and performance

Westland Milk Products Will Protect the Environment Through Corporate Social Responsibility by:

- Implementing an effective environmental management system, appropriate to the scope and context of Westland Milk Products which is endorsed by Executive Management.
- Responsible sourcing of ingredients, packaging materials and other goods and services from suppliers.
- Developing a company purpose and context, describing the nature and scale of activities, and identifying environmental impacts.
- The CEO will set environmental objectives based on significant aspects identified through consultation with stakeholders at all levels. An action plan will be set for each.
- Considering and addressing environmental issues in all business strategies and initiatives.
- Establishing, maintaining and implementing emergency preparedness procedures to prevent adverse impacts on the environment.
- Full compliance with all applicable environmental requirements and obligations, by understanding the needs and expectation of interested parties.
- Providing adequate training programs/tools to enable the intent of this policy to be fulfilled.

This Policy will be communicated to all staff, contractors, suppliers, interested parties and the general public.

Toni Brendish
Chief Executive Officer
