

# Genuine New Zealand Dairy

# Nutritional Products

**WESTPRO NUTRITION™ infant nutrition products are part of the Westland family of genuine New Zealand dairy products.**

**Produced in the heart of New Zealand's South Island, our nutritional products are made using high quality milk from our shareholders' farms with other essential ingredients sourced from carefully selected partners. Westland holds FSSC 22000, ISO 14001 and ISO 17025 certifications.**

**Our new Hokitika nutritional plant operates under strict process control and hygiene conditions and is certified to internationally recognised quality standards. We use wet blend batch processing for optimal process control and product consistency.**

## Product Options

Choose from our current range, or our award-winning team at the Westland Innovation Centre can work with you to develop products for your specific needs.

## Product Range

- **Dairy Based Nutritional Powder - Stage 1**
- **Dairy Based Nutritional Powder - Stage 2**
- **Dairy Based Nutritional Powder - Stage 3**

## Packaging

All products are available in 25kg multi-wall kraft bags and gas flushed to retain freshness. Pallet weight and configuration is dependent on powder type.

## About Westland Milk Products

### Genuine New Zealand History

Over 100 years of dairy production experience.

### Genuine New Zealand Ownership

Consistent and growing milk supply thanks to farmer-owned co-operative model.

### Genuine New Zealand Quality

Quality range of dairy products made to internationally recognisable standards, with traceability and total supply chain integrity.

### Genuine New Zealand Innovation

Development and innovation in the Westland Innovation Centre. Winner of NZ Trade & Enterprise Best Use of Research and Development Award 2012.

### Genuine New Zealand Service

An experienced, passionate team dedicated to customer service and genuine partnerships.
